To use 4G and 3G+ you'll also need a compatible device and be in a selected major metropolitan area. Outside these areas, you can still get Broadband Speeds in our 3G areas with the right device. To check this, make sure your device is compatible to the network zone you are in (U2100MHz, U850MHz or U900MHz). Remember that actual speeds you reach will vary depending on things like device capabilities, location & network congestion. Broadband Speeds not available in any 2G area. Actual speed achieved varies depending on factors such as device capabilities, location & network congestion. See vodafone.com.au/coverage for coverage. For more information about the Vodafone network, see vodafone.com.au/personal/services/coverage.

Data services

- a) For Products that provide data access capabilities, a data session:
 - i. **starts** when you begin internet activity, either directly or indirectly* on your mobile device; and
 - ii. **ends** when your data connection is lost. This will happen when:
 - a. you turn your mobile device off;
 - b. turn your data connection off;
 - c. switch to flight mode;
 - d. when you lose network reception; or
 - e. your mobile device has not sent or received data for a period of time.

*Direct internet activity is when you prompt your mobile device to send or receive data from the internet. For example; when you send an email. Indirect internet activity is when your mobile device or mobile applications are set up to send or receive data from the internet on your behalf. Examples include (but are not limited to): Email notifications via Gmail, notification of Tweets or Facebook posts which mention you and software or weather updates.

- d) Unless otherwise stated, data usage is measured as the combination of both data you send (upload) and receive (download).

PIN Security

You will be issued a Primary Account PIN. You must keep this Primary Account PIN confidential and must not disclose the Primary Account PIN to any other person, including those who are entitled to be connected to your Product(s). Doing so will compromise privacy across the entire range of connections to your account (for example, the call records, usage information of each connection to your Product(s) may become visible and accessible by all other users in the group if the Primary Account PIN is shared). - iii) Additional Data is shared on the same basis as Included Data.

b) International minutes sharing across Vodafone Business Flex (Voice) Plan Products

- i) If you have more than one Vodafone Business Flex (Voice) Plan Products on the same billing account, any included International Minutes Allowance (if applicable to your Vodafone Business Flex (Voice) Plan Product) and/or any standard international voice minutes included with any Vodafone Business Flex International Add-On Products connected to your account will combine into one International Minutes Allowance pool, which can be shared between all devices connected to Vodafone Business Flex (Voice) plans on that account (note – any Vodafone Business Flex Mobile Broadband Plan Products which are connected to the same account are NOT eligible to share the International Minutes Allowance pool).
- ii) If you don't want to share international minutes between your services, they need to be on separate billing accounts.
- iii) International Minutes Allowance sharing is only available within Australia and in \$5 Roaming Eligible Countries (provided you have not opted-out of \$5 Roaming).

c) Changing To Other Business Plans

Any Product change will take effect from the start of your next monthly billing period. Contact Vodafone Customer Care for more information.

d) Handsets

Vodafone Business Flex Plans

- i) \$5 International Access Pack and \$10 International Value Pack are available to customers who are connected and remain connected to an eligible Vodafone Business Flex (Voice) Plan. To find out if your plan is an eligible plan, contact Vodafone Customer Care on 1555 or speak to your account manager.
- ii) The following terms and conditions apply to the \$5 International Access Pack:
 - a. There is no separate international call allowance included with the \$5 International Access Pack – it simply gives you access to our current Discounted Pay-As-You-Go Rates for standard international voice calls from Australia (excludes Premium, video, special and overseas free phone numbers);
 - b. If your eligible plan includes an allowance of international calls to Selected Countries, these will be used up before any discount rates will apply;
 - c. All calls will be charged in per minute increments on top of your minimum monthly spend;
- iii) The following terms and conditions apply to the \$10 International Value Pack:
 - a. The \$10 of the included call value in the \$10 International Value Pack can be used to make standard international voice calls from Australia at the current Discounted Pay-As-You-Go Rates listed at **www.vodafone.com.au/internationalcountries** (excludes Premium, video, special and overseas free phone numbers).
 - b. Once the \$10 included call value in the \$10 International Value Pack is exhausted, additional standard international voice calls will either be deducted from your plan's Standard International Minutes to Selected Countries allowance (if applicable for your plan), or continue to be charged at the Discounted Pay-As-You-Go Rates on top of your minimum monthly spend. All calls charged in per minute increments;
 - c. If you do not use all your included \$10 call value in the relevant month, any remaining allowance is forfeited, is not refundable and will not carry over into any other month;
 - d. \$10 call value is only accessible to the connection who has added the International Value Pack – it is not shareable.
- iv) The following additional terms and conditions apply to both the \$5 International Access Pack and the \$10 International Value Pack:
 - a. Discounted Pay-As-You-Go Rates vary per country and are subject to change – the full current list of Discounted Pay-As-You-Go Rates can be found at **vodafone.com.au/idd**;
 - b. Max one pack per connection per month;
 - c. Discounted Pay-As-You-Go Rates are only accessible to the connection who has added the Pack – it is not shareable;
 - d. If your eligible voice plan is cancelled, these Packs will also automatically cancel;
 - e. If you are signed up to any other Business Flex International Add-on and purchase a \$5 or \$10 Pack, the Business Flex International Add-on will remain active until it is cancelled by you. Included call value of the \$10 Pack will be used first before any applicable included call value/minute entitlement of the Business Flex International Add-on;
 - f. The Minimum Monthly Spend is payable for each full monthly billing cycle in arrears. Cancellation will take effect from the end of the month in which you tell us you wish to stop receiving the \$5 Pack or the \$10 Pack (as applicable). You will be billed until the end of that month;
 - g. The Minimum Monthly Spend of the Pack will not be pro-rated when purchased or cancelled part way through a billing month.
